GirlSpark Camp 2015 for aspiring young female technology leaders!

Dear TWF friends

The Women's Foundation is partnering with Microsoft and Ivey Business School to hold our second ever 3-day GirlSpark Camp in Hong Kong. The camp will run from January 8-10, 2015 with an orientation session on January 2, 2015 and will be a unique opportunity for 60 female university students to explore first-hand career opportunities in the technology industry.

The 3-day programme will include presentations from IT and business leaders and a business case competition. Participants will gain an in-depth understanding of the technology industry and the variety of career options and development paths available for women. After the camp, selected participants will be offered internships at Microsoft.

We invite you to share this opportunity with female university students in your networks who meet the following criteria:

- Currently enrolled at any of the 8 UGC institutions
- Pursuing an Undergraduate or Masters degree in any discipline
- Good spoken and written English

Applications will close on Saturday, November 1.

Interested applicants are encouraged to attend the briefing sessions which will be taking place at select university campuses. For more information, please refer to our [flyer](#).

To apply, please download the [application form](#).

Please contact Lisa Moore at lisa@thewomensfoundationhk.org or girl-spark@microsoft.com if you have any questions.

Warm regards

Lisa Moore
Research & Advocacy Manager
