ChatGPT: Gender Equality Help or Hindrance?

Dear TWF Friends,

The emergence of artificial intelligence has been a major breakthrough in the tech world, and the accessibility and prevalence of ChatGPT (and generative AI like it) are set to radically change the way we work, acquire knowledge, write, and interact – with each other and with machines.

ChatGPT generates human-sounding responses to prompts, trawling the internet for information and putting together responses based on what it finds. The applications for this are incredibly useful and cover myriad mundane and time-consuming tasks, leaving individuals to focus on more creative, engaging or complex decisions and helping them become more productive in the process. Last week, scientists used AI to help them discover a new antibiotic. The potential is vast and it is only just beginning.

We asked ChatGPT what the implications of its use are for gender equality and it wrote this:

ChatGPT largely eliminates human bias because it is programmed with no assumptions about gender or other personal characteristics. This means that customers receive unbiased responses, regardless of their gender identity or orientation.

PROGRAMME UPDATES

Call for Applications: Join our Mentoring Programme for Women Leaders!

TWF is launching the 15th year of the highly acclaimed best-in-class Mentoring Programme for Women Leaders. In this year-long programme, high-potential female protégés will be paired with senior women leaders across different sectors and organisations to develop inclusive leaders and build an ecosystem of gender advocates. By participating in our Programme, you'll gain valuable insights and knowledge on Diversity, Equity and Inclusion, build your confidence and expand your network of like-minded women who are eager to give back to the Hong Kong community.

Learn more about the Mentoring Programme for Women Leaders curriculum and its benefits [here](#).

Register now and join us in a community of inspiring female leaders!

Mentoring Programme: Inclusive Leadership Peer Panel

On May 18, we hosted our Inclusive Leadership #5 Peer Panel on the theme of "Walking our own Journey through Vulnerability, Resilience, and Courage". The event featured mentor panellists – Donna Titley, Joanna Hotung, Kate Martin, and Shirla Sum who shared their insights, experiences, and expertise with our cohort. We extend our gratitude to the Organising Committee members, Jessica Yam, Joye Chow, Serina Suzuki, and Winnie Zhang, for their dedication and hard work in planning and executing the Peer Panel event.

Boardroom Series: Cybersecurity

For the final workshop of the 2022-2023 Boardroom Series, we were joined by Lanis Lam | KPMG to talk about issues of cybersecurity in a board context. We learnt about the importance of digital risk strategies and discussed a case study on how board members and senior management should prepare for and act

in cases of cyber-attacks. Thank you KPMG for hosting!
